JTI awarded Global Top Employer for the 10th consecutive year

Geneva, January 18, 2024 – JTI was certified Global Top Employer for the tenth year in a row. The award acknowledges JTI's continued commitment to creating a great place to work for its diverse workforce located in 47 countries across Africa, Asia Pacific, Europe, Middle East, and North America.

“This recognition acknowledges that our people are at the heart of everything we do and shows the progress we continue to make in improving our environment, caring about the wellbeing of our employees, as well as our focus on diversity, equity, and inclusion. Being awarded Top Employer ten years in a row demonstrates to our future employees that JTI is a great place to work. This certification is a key component in attracting and retaining top talent,” said Guergana Andreeva, Senior Vice President, People & Culture.

JTI is one of only 17 companies to be honored with the Global Top Employer award. Eleven countries where JTI has a presence were ranked number one.

Globally, JTI ensures that its employees and their families have the best-in-class support thanks to its global family leave policy aiming to provide equal opportunities for both parents [to spend time with their newborn](#). Also, JTI has implemented new flexible working measures which allow employees to choose [how, when, and where they work](#), and with the help of the Employee Resource Groups provides great support to various underrepresented groups, including, but not limited to, supporting females in leadership roles and LGBTQ+ communities.

“While we are very pleased to have received the Global Top Employer certification for the tenth consecutive year, we are even more delighted that the various initiatives we have put in place in our locations across the world have helped improve our employees' wellbeing, job satisfaction and opportunities to continue to develop their careers. JTI was awarded the Top Employer certification thanks to its 46'000 employees of 119 different nationalities who set goals and commit to achieving them.” Andreeva added.
